

## Something to do 11: be a careful watcher

Walk slowly and quietly through the reserve and look very carefully. Tick the things you find. Try to find at least 2 things from each line. You get one point for each thing you find. If you tick 5 things in the same line, you get an extra point. On the back of the sheet, draw or write the name of some of the other things you see. You get a bonus point for each one.

				
Ngaio	Butterfly	Damsel fly	Bumblebee	Wasp
				
Gull	Mud crab	Spur-winged plover	Yellow button daisy	Pied stilt
				
Rush	Duck	Sea snail	Remuremu	Pukeko
